

# Safety data sheet according to 1907/2006/EC

Previous date:	21.10.2016	Print date:	21.10.16
Product:	<b>BioBloom NPK 4-9-9- 4 MgO</b>	Version / Code:	140716.1 PH5422

## 1. Identification of the substance/preparation and of the company/undertaking

<b>Product information:</b>	Commercial product name: <b>BioBloom NPK 4-9-9- 4 MgO</b>	REACH-Reg. Nr	EINECS/EC	CAS-Nr
	Identification: Mixture	--	--	--
	Use identifiées: <b>Fertilizer</b>	PC 12: Fertilisers		

**Company / Supplier:** GHSC Trading BV, Keienbergweg 51, 1101 GA Amsterdam. Tel.: +31 20 7163834  
Information: Tel.: +31 20 7163834 E-mail: shop@greenhousefeeding.com  
Emergency telephone: Centre Suisse d' Information Toxicologique Tel.: ++41 44 251 66 66 ou ++41 145

**Trade / undertaking:** GHSC Trading BV, Keienbergweg 51, 1101 GA Amsterdam. Tel.: +31 20 17163834  
Information: Tel.: +31 20 7163834 E-mail: shop@greenhousefeeding.com  
Emergency telephone: Centre Suisse d' Information Toxicologique Tel.: ++41 44 251 66 66 ou ++41 145

## 2. Hazards identification

Classification: Classification (REGULATION (EC) No 1272/2008)  
Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008 (CLP)

Label elements: Labelling (REGULATION (EC) No 1272/2008)  
GHS-Pictogrammes: This product is not classified as dangerous  
GHS-Symboles: This product is not classified as dangerous  
Signal word: This product is not classified as dangerous  
Component determinate hazard: none  
Hazard statements: none

Precautionary statements: none

Other hazards: Harmful if swallowed.  
After prolonged contact, slight skin irritation possible.  
May cause long-term adverse effects in the aquatic environment

## Safety data sheet according to 1907/2006/EC

Previous date:	21.10.2016	Print date:	21.10.16
Product:	BioBloom NPK 4-9-9- 4 MgO	Version / Code:	140716.1 PH5422

### 3. Composition/Information on Ingredients

Substance:	Mixture				
Mixture:	Contains no substances classified in significant quantities, according to EU Directives and CLP, the MSDS is not legally required for this product.				
Components:		CAS-Nr	EINECS/EC	REACH-Reg. Nr	%
	not applicaibel				

\*) Wording of the identification codes for classified materials, see Section 16

### 4. First aid measures

#### 4.1 First aid measures

General informations	After inhalation: Supply fresh air, consult a doctor in case of symptoms. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
After inhalation	After inhalation: Supply fresh air, consult a doctor in case of symptoms. In all cases of doubt or if symptoms persist get medical treatment.
After skin contact	wash wit water and soap and rine thoroughly. If irritation persists, consult a doctor.
After eye contact	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, consult a doctor.
After oral intake	IF SWALLOWED: Rinse out mouth and then deink plenty of water. may cause nausea, vomiting, diarrhoea. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. After inhalation of decomposition products: Risk of pulmonary edema. Symptoms may be delayed. Risk of Methhämoglobinämie.
Indication of any immediate medical treatement/attention	After inhalation of decomposition products: Risk of pulmonary edema. Symptoms may be delayed. Risk of Methhämoglobinämie. Symptomatic treatment.

# Safety data sheet according to 1907/2006/EC

Previous date:	21.10.2016	Print date:	21.10.16
Product:	BioBloom NPK 4-9-9- 4 MgO	Version / Code:	140716.1 PH5422

## 5. Fire-fighting measures

Extinguishing media	No special requirement. Less effective extinguishing agents: dust, sand, CO2
Combustion products/gases	Heating can release hazardous gases: Sulphur oxids (SO <sub>2</sub> , SO <sub>3</sub> ), nitrous gas (NO <sub>x</sub> ), oxides of phosphorus, ammonia
Advice for firefighters	Not inhale gases during thermal decomposition. Self-contained breathing apparatus (EN 133). Wear full protective suit.
Additional information	For more information: Contaminated water may not enter in sewers or drains.

## 6. Accidental release measures

Personal precautions	Avoid raising dust. In case of dust wear safety goggles and dust mask. General protective measures: They are dealing with industrial hygiene and safety measures to be observed.
Environmental precaution	may not enter in sewers or drains.
Methods of cleaning-up	Collect mechanically. Dispose of contaminated material as waste according to item 13.

## 7. Handling and storage

Precaution for safe handling	No special precautions necessary if used correctly. Store in original packaging, risk to confusion! Not take up the product and keep away from children and animals. Respect the set-in-edge of the label. Store apart from sources of ignition and heat.
------------------------------	---

Conditions for safe storage	Tightly closed. Dry. Store apart from sources of ignition and heat. Avoid contact with elements corroded. Classe of stockage: 13 Keep out of direct sunlight and heat.
-----------------------------	--

Specific end use:	Fertilizers (see Section 1.)
-------------------	------------------------------

## 8. Exposure controls/personal protection

Control parameters	Dust (OEL): specific substance:	Total Dust Non pertinent (poussière totale)	MAK: 10 mg/m <sup>3</sup> --
--------------------	------------------------------------	--	---------------------------------

Exposure controls	The product should be handled with the care usual when dealing with chemicals. To be noted, national rules for the application of fertilizers. Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.
-------------------	--

Exposure limit values	not relevant
Recommended monitoring procedures	not relevant

Individual protection measures	Respiratory protection: In case of dust formation: protection with particle filter: type P95 (US) or type P1 (EU EN 143)
--------------------------------	---

## Safety data sheet according to 1907/2006/EC

Previous date:	21.10.2016	Print date:	21.10.16
Product:	BioBloom NPK 4-9-9- 4 MgO	Version / Code:	140716.1 PH5422

### Hand protection:

In case of long term hands contact: use protective gloves 100% Nitril ( EN 374, f.ex. Dermanetril 740 from KCL GmbH, D-36124 Eichenzell.)

### Eye protection:

In case of dust formation: Use of safety glasses with side shields is recommended.

### Environmental exposure controls

The product should be handled with the care usual when dealing with chemicals. To be noted, national rules for the application of fertilizers.

No speciality recommend

## 9. Physikal and chemical properties

### General information

Forme: Powder

Coulour: brown-yellow

Odor: not relevant

### Important health, safety and environmental information

solubility in water: Contains water-soluble components

pH: 6.0 - 7.5

Apparent density: 600 -800 g/l

Relative density: not relevant

Flammability: Decomposes on heating from 260 ° C approx.

Oxidizing properties: The product itself does not burn.

Explosive properties: not applicable

Melting point: not applicable

Vapor pressure: not applicable

## 10. Stability and reactivity

### Reactivity:

Heating can release hazardous gases: Sulphur oxides (SO<sub>2</sub>, SO<sub>3</sub>), nitrous gas (NO<sub>x</sub>), oxides of phosphorus, ammonia  
Ammonia release by the action of alkalis or other alkaline substances possible.

May be corrosive to metals.

### Stability:

Stabel under conditions normality (show Pt. 7)

### Possibility of hazardous

#### reactions:

Decompositions are not observed during the expiration period under recommended conditions. In the event of fire: See pt. 5

#### Conditions to avoid:

elevated temperatures, high humidity.

Bring together not with concentrated acids or alkalis.

### Hazardous decomposition products:

Heating can release hazardous gases: Sulphur oxides (SO<sub>2</sub>, SO<sub>3</sub>), nitrous gas (NO<sub>x</sub>), oxides of phosphorus, ammonia

## 11. Toxicological information

### Acute oral toxicity:

Acute oral toxicity: LD50/oral/rat : > 2000 mg/kg

### Skin irritation:

After longer exposure may cause slight irritation of skin.

### Corrosion / burns:

After longer exposure may cause slight irritation.

### Sensitisation:

Based on the available data and experience no classification is given (conventional method)

### Carcinogenicity:

no data available

### Genotoxicity in vitro:

no data available

### Toxicity for reproduction

Not tested. No relevant data available.

## 12. Ecological information

### Ecotoxicity (for pure chemicals):

Water hazard class: 1 (slightly hazardous for water)

## Safety data sheet according to 1907/2006/EC

Previous date:	21.10.2016	Print date:	21.10.16
Product:	BioBloom NPK 4-9-9- 4 MgO	Version / Code:	140716.1 PH5422

Persistence and degradability: not applicable  
Bioaccumulative potential: not applicable  
Mobility in soil: Water-soluble components or breakdown products may be washed into groundwater.  
PBT and vPvB assessment: no data available

Other adverse effects: May contribute to the eutrophication of water systems.

### 13. Disposal considerations

Packing: See [www.retrologistik.com](http://www.retrologistik.com) for processes regarding the return of chemicals and containers, or contact us there if you have further questions.

Product: Packing: Can be removed also with urban waste.

Product intended for use out. Waste material must be disposed of in compliance with the respective national regulations. Under "[www.retrilogistik.com](http://www.retrilogistik.com)" you will find country- and substance-specific information as well as contact partners.

### 14. Transport Information

#### Road transport (ADR/RID):

Proper shipping name: Mixture  
Classification: Not classified as dangerous in the meaning of transport regulation ADR/SDR

#### Maritime transport (IMPG)

Proper shipping name: Mixture  
Classification: Not subject to transport regulations.

#### Air transport (IATA-DGR):

Proper shipping name: Mixture  
Classification: Not subject to transport regulations.

#### Special precaution for user

See sections 6-8

### 15. Regulatory information

#### National Directives

Switzerland: ChemRRV Anhang 2.6 ; ChemV und Störfallverordnung (Pt.7)  
Water hazardous classe: CEA: PN3 / CIA / WGK (D/CH): 1 (slightly hazardous to water)  
Classe of stockage (VCI).

EC: Classification et désignation des substances, préparations et produits (TRGS 200)  
Désignation de déchets lors de l' utilisation (TRGS 201)  
Déterminer et évaluer les risques représentés par les substances dangereuses sur le lieu de travail (TRGS 400).  
just more than one minor hazard was detected.  
Mesures de protection (TRGS 500)  
matériaux combustibles stocker dans l'emballage et conteneurs mobiles (TRGS 515)

Water hazardous classe: CEA: PN3 / CIA / WGK (D/CH): 1 (slightly hazardous to water)

### 16. Others information

## Safety data sheet according to 1907/2006/EC
