

# REDIROOTED<sup>®</sup> Aerating Plugs *by* Jiffy<sup>®</sup>

GROWING SOLUTIONS

RediRooted<sup>®</sup> Aerating Plugs by Jiffy<sup>®</sup> feature a uniform substrate with hundreds of micro air pockets evenly distributed throughout the plug. These air pockets **STIMULATE SUPERIOR FIBROUS ROOT GROWTH** throughout the volume of the plug, making transplanting quicker and greatly reducing the risk of root damage and disease.

## *Aerating micropockets for a powerful start!*

RediRooted<sup>®</sup> Aerating Plugs consistently retain an air content of 30% or more, which means **NO COMPACTION**, even under heavy misting conditions. This makes it an **IDEAL PROPAGATION MEDIUM**, providing an optimal environment for **FAST AND UNIFORM ROOTING**.

 Proudly distributed  
by Global Garden<sup>®</sup>

*Ready-to-Go* •••• *Fast Rooting* •••• *Ideal for Automation*

The plant plug binder's structure ensures **NO TRANSPLANT SHOCK**. This means you can ship or transplant the plugs earlier, freeing up valuable bench space in order to **ROTATE THE CROPS FASTER**.

**Tray Dimensions:** 21.5 in L x 11 in W x 1.63 in H  
**Cell Dimensions:** 1.45 in top Ø, 2.04 in<sup>3</sup> vol  
**Pcs/Pallet:** 300    **Pcs/Case:** 8

**50 or 72**
