

X-CEL from **BIONOVA** *For the Biggest Fruits and Flowers!*

STIMULATES
PLANT METABOLISM!

-  USDA Certified - 100% **ORGANIC** and **VEGAN** blend of plant stimulants
-  e**X-CEL**lent stimulator to grow **XL FLOWERS**
-  Stimulates **ALL BIO-CHEMICAL** functions
-  Demonstrable **INCREASED YIELD**

BENEFITS OF USING X-CEL

- Increases quantity & quality of yield.
- Organic extracts stimulate plant metabolism.
- Active formula promotes quick root strike.
- Plants develop extensive root systems.
- Stimulates photosynthesis and carb development.
- Can be used for entirety of veg and bloom cycles.

X-CEL from **BIONOVA**

For the Biggest Fruits and Flowers!

WHAT'S INSIDE and WHY?

Various Vitamins and Amino Acids

Actively stimulates the hormone household of the plant. Amino acids function as bio-stimulants for plants. In general, amino acids work against stress and give the plant considerably more building blocks and therefore energy. Plants become stronger and give more yield.

Enzymes: Desmolase group; Hydrolase group; Lyases group; Transferase group; Trypsin

Traces of Organic Acids: Ascorbic acid, Aspartic acid; Alginic acid; Butylic acid; Citric acid; Cholic acid; Deoxycholic acid; Gallic acid; Lactic acid; Malic acid; Mannitol; Pyruvic acid

Traces of Vitamins: Biotin; Vitamin B1, Vitamin B8, Vitamin B12.; Carotene; Choline; Cryptoxanthin; Ergocalciferol; Folic acid; Folinic acid; Niacin; Riboflavin; Thiamine; Tocopherol

Traces of Growth Stimulants: Adenine (Cytokinins); Auxin (IAA, ABA); Betaines; Tripeptid glutation; 3-Adenylic acid

Natural Organic Plant Based Extracts

Increases crop's physiological activity to quickly mineralize and absorb nutrients.

Kelp and Humic Acids

Increases chlorophyll development and root-hair development, thereby improving the absorption of oxygen and quickening root and cell development as well as ion transportation.
